To Whom It May Concern

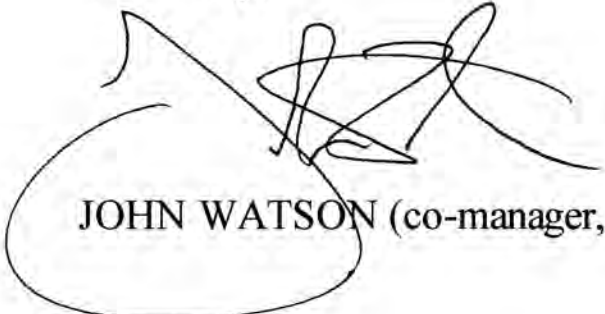

My company co-manages Australia's iconic rock band Cold Chisel.

Wayne Covell of Worthy of the Name represented and advised the band on the recovery of its domain name www.coldchisel.com.

After filing a thoroughly researched and comprehensive domain name complaint with the World Intellectual Property Organization (WIPO) the proceedings settled with the domain name being promptly transferred to Cold Chisel.

The band was pleased with the result and I would have no hesitation in highly recommending Wayne and Worthy of the Name for any domain name dispute that you may have.

Yours truly,

JOHN WATSON (co-manager, Cold Chisel)
